Manufacturer's Linens
on sale Friday

We have just received one case of Table Cloths and Napkins direct from the Manufacturers in Ireland

Called Weavers' Imperfections—They consist of pure linen cloths and napkins that have been discarded by the manufacturer because of a very slight imperfection, many of which can scarcely be detected. In fact, we have carefully examined every cloth and napkin and the slight defects will not interfere in the least with the wearing qualities. You can buy them at 1-3 off on Friday.

Cloths, - 85c to \$12 ea.
Napkins, \$2 to 7.50 per doz.

Housekeepers, Hotels and Restaurants—a rare chance to buy your Linens

STRAITHCONA NEWS

STREET CAR LINE
FOR STRATHCONA

City Will Likely Grant an Exclusive Franchise to Radial Tramways

The Strathcona city council have held a number of meetings with the Strathcona Radial Tramway Co. to discuss the details of the franchise which the company is asking from the city for a number of years. The whole proposed franchise was thoroughly gone into and it is thought an agreement will shortly be reached between the city and the company.

It is probable that an exclusive franchise will be granted and as the charter of the company is a very broad one there is no doubt that the business could be made a paying proposition as the company are given the right to run lines to Cooking Lake, the well known Edmonton summer resort, and other pleasure grounds. The company have also been in negotiation with the city to make a satisfactory arrangement can be made with the city for connections between the two lines.

As to Street Crossings.

A correspondent writes to the editor of this column as follows: "What did you ever see a decent street crossing anywhere on Whyte Avenue this spring? At sundry times efforts have been made to clean the crossings, but the fact that they are far below the level of the roadway renders it impossible to find clean passage at a time when such is most needed. I had thought that while crossing of this sort might be good enough for Edmonton, the city could at least do better in things of this kind. What a fine condition the crossings at the C. P. R. station are in during a rainy spell! And on Main street, eastward from the crossing, the clean boots almost the entire length of that thoroughfare, the pedestrians suddenly find himself confronted with a greasy, muddy crossing—a place where a street had been newly opened up, the sidewalk torn away, etc. I suppose it may be said that there are small things. Well, let our city fathers look closely after the little things of our municipal life, including street crossings, and most of the greater affairs, will come easier."

Repairing the E. Y. & P. A large number of our cars of work resting in the tracks of the E. Y. & P. through the ravine near Mill Creek. It is probable that passenger travel will be resumed this summer on this line from the C. P. R. station, Strathcona, to Edmonton.

LOCAL. Wm. Brock and bride, nee Miss Metcalf, have returned from their honeymoon trip to Banff.

Mr. and Mrs. William Wells leave next week on a trip to British Columbia.

Mr. Donald Durnand was thrown out of his rig several days ago, had a severe cut inflicted on his head.

P. A. Miquelin, the popular postmaster of Wotekwin, was in Strathcona yesterday.

A big land deal was put through by Crawford & Weeks on Wednesday evening August Schuler's half section, four miles south of the city, was sold to Thos. Hensley for \$11,000.

James Collier, of Inverness, Ont., is visiting his brother, Dr. Collier, Miss Gladys Rait, nurse at Strathcona hospital, has returned from a visit to Victoria, B.C.

Permits have been taken out by Joe. Reid for a frame dwelling on lots 25 and 26 in block 12, to cost \$1,200, and by J. W. Mann for an addition to cost \$1,200 to dwelling on lots 13 and 14, block 112.

An excellent enlarged photograph of the services being held over the body of the dead miners last Monday in front of Wainwright's undertaking rooms, is on exhibition in the window of Hugh Duncan's drug store, Whyte Avenue. The photo, which brings the details out with striking clearness, is the work of C. K. Tighe.

CLOVER BAR BRIDGE REPORT.

A rumor was current on the streets of Strathcona yesterday, and created considerable excitement to the effect that work had been suspended on the Clover Bar bridge as a result of the discovery, that there was a mistake in the grade.

Efforts were made to reach the contractor, Mr. May, by telephone, but he was not at the office. This morning, however, he informed the Bulletin that there was no foundation in the report, the work being rushed forward with all possible expedition.

Furniture Destroyed. Rev. J. C. Brown, the new pastor of the Baptist church, has met with a severe loss in the burning of the car containing his furniture, while en route over the C. N. R. from his former residence in Burlington to Strathcona. Among the valuables which were a prey to the flames was a library which cost over \$400.

"ZAM-BUK"
Is nature's own healing essences gathered from all over the world, scientifically purified, concentrated, trated, combined and handed to you ready for use.

That's all! No magic! No trickery! A pure natural healer of skin disease and injury. Make inquiry.

Zam-Buk
"RUB IT IN"

SUMMER SORES AND SKIN DISEASES

Summer's heat makes the skin live at high pressure and "skin breakdown" is common. Rash, Eczema, Itch and Tetter are the serious symptoms! Roughness, Scurfiness, Scabies and Redness the unpleasant ones. ZAM-BUK brings coolness, ease and healing to all. It saves the little one's burning sores, the mother's pained breast, the father's blistered feet, the schoolboy's itchy scalp and sunburn. It prevents festering, cure sores, corns, insect stings, etc. "My face was covered with a kind of rash," says Mrs. McCormick, of Ivermay (Sask.), "which, when the sun shone on it, I went out, itched and smarted dreadfully, especially in summer. Doctors said I could not be cured, and for seven long years it seemed as if they were right. A few months back I tried Zam-Buk, and this great remedy succeeded where all else had failed. It has now cured me completely."

FRIDAY, JUNE 14, 1907.

SEEKING A HEAT.

Wear and footsore, unable to hold the public confidence for any length of time in any one position, Hon. Geo. E. Foster is now looking for pastures new, and some of his friends are suggesting that he be nominated in West Toronto and that Mr. Oaker be the party's candidate in North Toronto in Mr. Foster's stead. The ex-Finance Minister had a close shave in the North riding last election and the faithful feel that the burden of Mr. Foster's Union Trust Company transactions will be too great for the party to carry in any thing like a close constituency, and West Toronto being safe for any old kind of a candidate, it is the hope to which Mr. Foster's battered shield should be steered. Some unkind friend had suggested sending him out to North York where he would have been quietly buried with Archie McCallum and a host of others, but that political assassination is to be spared him.

Mr. Foster has had a somewhat checkered career in search of a constituency. King's County, N. B., was the first riding he represented and it put up with him the longest of any; but, however, in the late re-putable Colonel Denville was elected the Finance Minister and to escape defeat Mr. Foster hid himself to Queen's County and escaped the fate that befell the Conservative candidate who faced the Colonel. One term was enough for Queen's County and in 1900, Mr. Foster moved to St. John, where he went down to defeat against the late Hon. G. A. Blair. In March of 1903 he tried a new constituency and ran in North Ontario, a constituency with 400 or 500 of a Conservative majority, but he was again defeated.

Toronto, the hope of every Conservative aspirant, was his next selection and after some trouble in securing the nomination, he was elected in North Toronto by the low majority of 112 votes, but after one term this is considered not a safe enough nest and so his friends are looking to the West riding, where Mr. Oaker had the handsome majority of 1000 in the hope that with a lead like that Mr. Foster may at least win by a nose. The weakness of the Conservative party is apparent in its inability to get rid of a man who is such a dead weight as the ex-Finance Minister, whose financing with Trust Company's funds has made him one of the most intricately mixed men in public life in Canada today. It is to be wondered the people of Canada have no confidence in the Conservative party as it stands at the present?

A "BUFFALO" PROPOSAL.

Ambitious Calgary envies us our lion, or so the Herald would lead us to believe. It urges that the remainder of the herd which are to arrive next month should be turned out on the Serece Indian reservation near Calgary, instead of being permitted to participate in a grand reunion with their friends in the Elk Island Park. And not satisfied with stating the general desirability of its scheme the Herald undertakes to give weight to it by discrediting the Elk Island Park. It says: "It has been found in the opinion of those 'best qualified to judge that the party' near Edmonton, to which the first 'shipment was taken is not suitable for the purpose."

"Those best qualified to judge" was doubtless coined as a modest blind under which the Herald could advance its own August and unprejudiced opinion. This we submit is an unwarrantable assumption. Admitting to the full the similarity between the Herald and a certain common variety of grass-eating animal we insist that in the case there is another party better qualified to pronounce finally than our esteemed contemporary, to wit, the buffalo himself. And if the opinion of this gentleman is to be regarded by its actions, he entertains a very high regard for the superior advantages of the Elk Island Park. Briefly, he has

settled down contentedly in the assurance that he has reached the lion's promised land. The only apparent danger is that he may fall a victim of sluttiness under the temptation of 10,000 acres of matchless pasturage.

The present home of life herd in Elk Island Park is, of course, only temporary and when suitable pastures have been provided the intention is to break the land up into several herds. To have a herd kept near Calgary would be all right in itself, but the proposal to turn them loose on an Indian reserve has two sides. Unless we are much mistaken the result would be temporarily enjoyable for the Indian, but permanently disastrous to the buffalo. With every good wish to the Indian it is penitence to point out that penni can be rather expensive these days.

PRINCE FUSHIMI'S VISIT.

Canada has more than a courteous and sentimental interest in the visit of Prince Fushimi of Japan. As a distinguished guest from a great country the Prince is assured a king reception in the Dominion; as a prince from Britain's ally, he is assured of a warmer welcome in Canada than is accorded the casual traveller from a foreign land. But Canada has reasons of her own, and very good reasons for cultivating the friendship of Japan, and of Japanese whose social position and political prestige influence the national feeling and national policy of their country.

Our welcome to the Prince does not spring from mercenary motives, but it will not be the less because we entertain these worthy motives. We have already a large trade with Japan; a trade growing annually larger and with every prospect of enormous expansion. It is in the interests of both countries that this recognition of this fact will do recognition of this fact should detract nothing from the warmth of the reception bestowed distinguished visitors from our country by the other. The war in Manchuria has made Japan the recognized leader of the Orient and of the role the Oriental nations are to play in future history. By reason of her geographical position, Canada is interested in this question more directly than in any other "foreign" nation and in consequence it is of more importance to us than for other western nations that the attitude of our resources Asia toward us should be friendly.

ON THE SIDE.

Mayors of many French cities are trying to resign despite the law which requires them to continue in office. Another instance of old world deficiencies from which we are immune.

The Japanese national anthem is said to be something like this: "May our Sovereign's reign endure ever 'until the miracle of Time has changed the tiny pebble to the beating car engraved with the likeness of immemorial age.' The spring poetry of that country must be awful.

"Toronto Star."—From Lake Huron to the Ottawa river and from Georgian Bay to the Lake Ontario frontiers, the trees in unnumbered orchards are now arrayed in a costume "surpassing in beauty that of the 'Tane bride.' From which flowery language it is to be supposed spring has come to Ontario.

Mexico is Gannoy. Mexico City, June 13.—The Minister of Foreign Relations, M. Mariscal, speaker for President Diaz, outlined the attitude of the Mexican government at the Hague peace conference.

"It must be understood that the republic of Mexico will not have that interest in the particular question which will be debated by the body of states such as the United States, France at the Hague as will the Powers of the first class. Owing to the particular stage of development which our country has just reached our aspirations are more for the future, and we care little for the somewhat technical questions which will probably be indulged in on the question of disarmament; that is, we will only approach such in the hope of a humanitarianism. In this spirit our views are instructed. Mexico desires peace—universal peace—if such is within the realm of the practical, but her delegates will be advised to lend none of their influences to any such sentimental or Utopian scheme as absolute disarmament, which consummation, however devoutly wished, we think is more a matter of optimism than for the present. Although Mexico has a well-organized army, as functions, as soon, or directed by the present administration, and are more of a political power than that of an instrument for aggression or even defence."

WHITE WHALE LAKE.

The Rev. C. F. Hopkins, Methodist missionary at White Whale Lake mission had here this week on route for Athabasca Landing, whither he had been removed by the annual conference recently held in Calgary.

During the four years of his stay here, Mr. Hopkins' energetic personality has made itself felt. Many Indians on the reserve here and settlers at Wabamun, Pine Ridge, Oway, Pegram, and Rensselaers (at which places he has held preaching services) feel a very keen sense of loss at his departure.

This was particularly evidenced when on Wednesday, June 5th, 49 persons gathered at their day's work, at Mr. Musselman's farm, Pine Ridge, to take part in the service conducted by Mr. Hopkins at this place.

At the close of the service Mr. Musselman was elected chairman and the meeting resolved itself into a large social gathering. Mr. James Murphy read and presented to Mr. Hopkins an address showing forth the regret of the congregation at his departure and gratitude for the good he has been instrumental in accomplishing during his ministrations of the Gospel here. After mentioning the fact that three years ago Mr. Hopkins had some ten miles of trail through the bush in order to reach this settlement from the mission, this opening up land available for settlement has since been homesteaded, and that he has steadily faced and covered the sixteen miles of often lonely road through all kinds of difficulties for three years, he concluded: "Our respect and esteem for you as a man without fear and without reproach, who has done his duty without faltering at all costs to himself, is of such a degree that your name will remain a household word and your example and teaching a guide and a help to us individually and a source of wellbeing to this community for many years to come, etc."

A practical expression of appreciation in the form of a gift of money was handed to Mr. Hopkins on behalf of the people by Mr. Austin Gantley.

Mr. James Murphy read and presented to Mr. Hopkins an address showing forth the regret of the congregation at his departure and gratitude for the good he has been instrumental in accomplishing during his ministrations of the Gospel here.

White Whale Lake and district says goodbye to Mr. Hopkins as his missionary leaving from grateful experience that he is eminently well fitted for the work of God at "The Landing" and praying him every success there.

Rev. T. A. Brown, the new missionary, is expected from the East shortly.

SPRUCE GROVE.

A meeting of the councillors of district No. 4, was held on Saturday, May 25th. The councillors present were Messrs. J. G. Schumacher, J. Currie and D. S. McKay. It was moved by Messrs. D. S. McKay and J. Currie that the minutes of last meeting be adopted as read. It was resolved that in the opinion of this council the government be asked to have the lands resurveyed in Twp. 51 and 52, four miles south of the 14th base line, to the Saskatchewan river, and that there be iron posts planted instead of wood, as the first passing over parts of the country have undertaken the work of the wooden stakes, and it is declared by necessity that this work should be undertaken at the earliest possible moment so as to enable the settlers to locate their lands, so as to have improvements placed where they would be permanently, as it is at present there are a great many who are in doubt where the lines run and the lines are not marked in the ground.

"Resolved that this council petition the government asking them to attend the railways in Division No. 2, in locating an outlet for the water from what is known as the Two Lakes between sections 19 and 30 in township 52, range 10 W. of fourth meridian."

"As this is a piece of road that a great number of the settlers would make use of were it drained, and the cost would not amount to such a large extent, only that a professional man would know where the proper drainage should go."

"Resolved that the secretary be instructed to write to our representative, Mr. McPherson in respect to having the Local Improvement Ordinance passed."

ance ascribed so as to have each councillor on the dividing line between two different districts to perform their part of the work by computing so many miles each, so that when a part of the said dividing line is out of order, the different councillor will then have the other side of the line as required, as it is at present one councillor will say that it is not his duty, for the councillor in the other district has a right to do half its duty, in this way the work is neglected by both sides, and to the great danger of the travelling public sometimes, a very dangerous place is left in a bad condition, hoping the government will consider this resolution at the earliest possible moment as it will be long for the better.

"Moved that we adjourn to the call of the chairman."

Town Buys Land.

Indian Head, Sask., June 13.—The town council has completed a deal with the Brassey estate by which all the sections some eight miles south of Indian Head, in which are situated the excellent springs, pass into the ownership of the town. The price paid was \$25 per acre.

[illegible]

John R. rancher, Eagle Butte, had been in business for 11 years. He turned off from 60 to 200 steers a year. He sold to buyers and some of them shipped. Gordon & Ironside, Fullins, Day and others had bought from him. He had never seen any competition amongst the buyers. When he sold by the head there was no charge for shrinkage. This was neglected in case of selling by weight.

Favors Cod Storage.

H. Pruitt gave evidence that he had raised stock in Canada for five years. He sold 400 head last year. He sold some to A. Day and some at Winnipeg to Gordon. He sold all by the head for \$45. He could see no competition amongst the buyers. The opportunity of using cold storage would be of great advantage to the rancher.

With this reply to the weaker sex Alderman Lariviere received divers epigrams from his brother aldermen on the committee.

Replying to the criticism, Alderman Lariviere modestly suggested that there were certain bachelors on the committee that they might set a proposed example by first locating in the proposed new lane. No doubt their self-sacrificing endeavors would be appreciated by others of the male persuasion, who would also like to find this fascinating spot for the purpose of their own amusements.

Alderman Lariviere was asked the trying question how he came to know that the ladies on the lane did not make the cognomen, "Widows' lane."

With faces sufficed with manly blushes the alderman had to admit

MR. O. J. PETERS
Secretary of Record Foundry Co.
To few men are accorded the privilege of seeing the work under their hands develop from a baby industry to one of the manufacturing concerns of the country. In his capacity as Secretary and Financial Manager of the Record Foundry and Machine Co., of Moncton, N. H., and Montreal, P. Q., Mr. O. J. Peters has had the opportunity to witness the development from a small concern, employing a few hundred men and doing business only in its own locality, to an industry of considerable proportions, with a plant in Montreal, and doing business clear across the continent.

The Record Foundry and Machine Co. manufactures 98 different styles and sizes of cast iron and steel machinery, as well as the "Caloric" and "Admiral" ranges.

LACROSSE CHAMPIONS EASY FOR EDMONTON

Hat Loses First of Home Series. Crist Has Bad Innings

Medicine Hat, June 14.—Edmonton team made his second appearance here yesterday and put up a snappy line of baseball than on their first visit. In fact, if they can keep up the hitting gait they struck yesterday they are sure to win the league in beating this month as well as last. Thursday's contest was to Edmonton 54, and the victory was well deserved, as they touched Pennington up for a total of sixteen hits, including a two bagger by Bennett and a three seamer by Crist. Crist was generally master of the situation in the fifth place, except for four singles, and two passes along with Adams' snuff of a long fly the Hatters answered four runs.

The feature of the game was a most sensational catch by Baker of a fly after a long run to the bleachers back of third base. The score:

EDMONTON.	R.	H.	E.
Adams, c.	1	4	2
Bennett, r.	1	4	2
Port, c.	0	0	0
Grimes, l.	0	0	0
Lauch, l.	1	0	2
Baker, 3b.	1	0	2
Wessler, 2b.	2	1	0
Harper, ss.	1	0	0
Crist, p.	1	0	0
Summery.	8	16	5

MEDICINE HAT.	R.	H.	E.
Hopkins.	1	0	0
Hamilton.	0	2	0
Tolan.	0	2	0
Zurborg.	0	0	0
Berry.	0	0	0
Walt.	0	0	0
Bell.	1	0	0
Henny.	1	0	0
Pennington.	1	0	0
Summery.	5	16	5

Struck out by Crist 4, Pennington 3.
Hit by pitcher Pennington 1.
Two-base hits: Bennett and West.
Three-base hits: Adams, Tolan and West.

LETHBRIDGE SHUT OUT.
Lethbridge, June 14.—Last night's game with Calgary was the best sample of baseball seen here this year, and the victory went to the visitors by a score of 10 to 0. The players are playing a superior article of ball in every department, and now on will have to be reckoned with all round the circuit.

\$3.00 AT STAHL BENEFIT.
Boston, June 13.—The Providence (Eastern League) team defeated the Boston Americans here last night. The receipts of the game, which added to the total of the fund of the late "Chick" Stahl, for his wife's support, were \$3,000. Stahl was manager of the local team, and was hit for \$3,000. The \$3,000 was contributed by the American League clubs, \$100 by the Boston players and \$100 by the Cleveland players. Stahl, who was the first man to participate in the game, was hit for \$3,000.

CALEDONIANS VICTORIOUS.
The Caledonian team defeated the Boston Americans here last night. The receipts of the game, which added to the total of the fund of the late "Chick" Stahl, for his wife's support, were \$3,000. Stahl was manager of the local team, and was hit for \$3,000. The \$3,000 was contributed by the American League clubs, \$100 by the Boston players and \$100 by the Cleveland players. Stahl, who was the first man to participate in the game, was hit for \$3,000.

Washington-Detroit game postponed, rain.

McGraw Tired of Game.
The Detroit News came out with an article to the effect that John J. McGraw would not play ball for anything to do with the great American national game after next fall. McGraw is credited with saying that he was tired of traveling, tired of the continual bustle and eating in hotels, at the mercy of almost any cook at all, and he was out of it for good next year.

WESTERN BASEBALL PATRIARCHS.

Who is the father of baseball in the West? Why? Samner Garrison of Edmonton, of course.

What about Al Fiddler, of Calgary? Oh, he is a nephew of Garrison's—Bea Leander.

EIGHT CLUBS—14 PLAYERS.

A small army of players have been given employment by American League clubs thus far this season. Of course, New York leads with 25 players, Boston has 22, Cleveland 21, Chicago and St. Louis 20, Washington and Detroit 19 and Philadelphia 18, a total of 164. Cleveland has two men who have not yet taken part in a game, Delehanty and Clarkon.

STRIKE OUT STATISTICS.

Waddell and Walsh got eight strikeouts apiece in their game in the American League on Monday. For American League players have been able to do as well in the league this year. Doyle, Plank and Howard have each fanned eight men, in a game. This is the season's record up to date. Detroit figures in on these affairs. On May 30, at Benoit Park, Hugh made eight "Tiger" "shuts". George Mullin has a strike-out record of eight in fourteen-inning games, with Chicago, which resulted in a tie on May 1st.

BASEBALL.

Calgary has taken a brace. Two-time winner with Medicine Hat in a row right on the Hatters' own stadium ground should make red the heart of the business manager. Fiddler, who is 14, Edmonton will be home for a long series of games on Thursday.

Sanitation has a professional nine that is by long odds the fastest in the league, even in Saskatchewan for some years. Pitcher Terry of the Winnipeg Maroons has won the last seven games he has officiated in. Loren of Philadelphia Nationals is considered the star twirler of the National League this season. Jersey City, which stands second in the Eastern League race, isn't a single better in the 200 class. Pitcher Berbe of St. Louis, established a record for the season on May 27th by striking out twelve of the Pittsburgh men. Horseshoe, the Brooklyn south-paw, is one of the National League's best folding pitchers. The Cincinnati Reds have been the hardest on the Chicago Nationals to crack this season.

FATE AGAINST VANCOUVER.

Battle, Mont., June 13.—Fate was against the Vancouver Maroons yesterday afternoon. The Maroons' winning out in a remarkable manner. Meyer was ordered to first. Carterright attempted to sacrifice, the ball hit Meyer's head, and he was out. Meyer picked it up and, in attempting to throw out the runner at first, hit him on the head with the ball, the sphere making a heavy rebound. Carterright's cranium was the bleachers, and "where it could be recovered. Meyer made the circuit from first to last, and the "we was hit" Carterright, with a leg splitting from the blow, was called to second, from which sack Jack was advanced to third by Meyer's sacrifice. Graham lined one out to the deep center field, where it was caught by Martine. Before the fielder could get the ball to the pitcher, Carterright hit the throw by a good distance and the game was Butler's.

CALEDONIANS VICTORIOUS.
The Caledonian team defeated the Boston Americans here last night. The receipts of the game, which added to the total of the fund of the late "Chick" Stahl, for his wife's support, were \$3,000. McGraw is credited with saying that he was tired of traveling, tired of the continual bustle and eating in hotels, at the mercy of almost any cook at all, and he was out of it for good next year.

LEAGUE LACROSSE TO-NIGHT.

AN unfavorable weather preventing the lacrosse season will be opened tonight with an Alberta Lacrosse match between the Edmonton team, Edmonton and Strathcona. The game will be played on the new Edmonton lacrosse grounds, at the foot of First street. The game is billed to start seven o'clock, and Lieutenant-Governor Mullin will face the ball. W. Washburn, of Lethbridge, will officiate as referee, but in this contest the judge of play will be the umpire—also the services of field umpires. Strathcona has secured a number of likely looking players from eastern points this year, and along with most of the old players should have a team that will keep Edmonton busy from start to finish to successfully handle.

The Capitals have been out to practice regularly and are in good shape for a hard fought game. They will also be a number of new faces on the coast forces, and the following players are requested to be at the grounds at 6 p.m., when the team will be chosen: Shankle, Hamilton, Shaw, Leske, Thompson, Glas, McKinnon, Kelly, Hearn, Turner, Campbell, Bolander, Jones, Harris, Young and Powers. Players are reminded to bring along skates, sticks and shoes with them. The admission is 25 cents, with an additional quarter for the grand stand, except the ladies, who are admitted free to the stand. All the city lacrosse enthusiasts are expected to be on hand to give the Capitals a winning start in the league race.

FOOTBALL.

The third game of the week in the inter-city league will be played on the fair grounds tonight at 7 p.m. between the St. Alberts and Strathcona eleven.

St. Alberts' reserves will be stock up against the Caledonian seconds in the game of the week, and one of the closest contests of the season will be played. The St. Alberts will line up as follows: Goal, Campbell, backs, Bryce and Young, half-backs, Reid, Foreman and Ferrier, forwards, Armour, Gilmore, Eakin, Scene and Strathcona.

LAUDER MULLIN MATCH.

Barney Mullin, the Edmonton heavyweight, and Billy Lauder, the Calgary power, will attack, and will be matched this week for a seven-minute fight at Calgary for some night during the week in that city. A purse of \$500 is offered for the contest, and the articles call for both to weigh in at 140 pounds at 8 o'clock the evening of the battle.

The mill is sure to attract a big crowd, especially during Exhibition week. Lauder got the decision over Mullin when they met on May 1st, but the Edmonton boxer will take every precaution to prevent his tory repeating itself.

BALL PLAYER ALSO BOXER.

Nathan, the right arm of the Lethbridge baseball team, will enter to gain a reputation for himself in the ring as well as in the ball field this year. He is already booked to meet Barney Mullin at Edmonton on Dominion day, and to fight on the 14th at Calgary. "Nan" has successfully defended himself in matches with some fast American boxers and the Lethbridge talent look for him to put up a very good fight in his first fight with Mullin.

OTTAWA SEES ROLLER HOCKEY.

Hockey on roller skates is attracting large crowds at Ottawa at present. At a match this week between two city teams fully 2,000 were in attendance. At a match this week between two city teams fully 2,000 were in attendance. At a match this week between two city teams fully 2,000 were in attendance.

LACOMBE'S RUNNING PHENOM.

Advertiser.—The Lacombe sporting fraternity have found a long-distance runner whom they say is developing rapidly. He is a half-breed named Tim. When you know, claim that he can show a record-breaking gain and they are willing to back him for a large sum against the famous Longstaff. In fact they say his style of running is very similar to Longstaff's. He had intended to keep the matter quiet and had for a "dark horse" but his outsiders got wind of it, so that he is out.

CHESS TOURNEY CLOSERS.

Ontario, Belgium, June 13.—The international chess masters tournament came to an end today. Tarasch, of Nuremberg, was first; Schlechter, of Vienna, second; Marshall, of New York, third; Janowski, of Paris, fourth; Barn, of Liverpool, fifth; and Tschigorin, of St. Petersburg, sixth. Scores were as follows:
Dr. S. Tarasch.....W. Lost, 12
C. Schlechter.....W. 12
J. Janowski.....W. 12
B. Marshall.....W. 12
M. Tschigorin.....W. 12
A. Barn.....W. 12

AMUSEMENTS

THE FAIR

OF 1907

AT EDMONTON
July 1, 2, 3 and 4.

to be expended in Horse-racing, Attractions and Prizes.

Formal Opening by the

PREPARING FOR PEACE CONFERENCE

The Hague, June 13.—The delegates of various countries to the second Hague peace conference, which will formally open on June 15, accompanied by a host of secretaries, the technical experts and attaches, together with a small army of newspaper correspondents, are arriving here by every train, and the last Dutch capital is beginning to buzz with an animation such as has not been witnessed since the conference of 1899.

Gen. Horace Porter, former ambassador to France of the American plenipotentiaries, arrived today, as did John W. Foster, ex-secretary of the treasury of the United States, who represents China. Already a feeling of unanimity among the arriving plenipotentiaries is apparent. The delegates from Washington arrived at the American assembly in a spirit hopeful of furthering the unfinished work of 1899.

Belgium's Position.

Brussels, June 13.—King Leopold and the government, inspired by the fact that the English delegates will in some guise raise the Congo question at the approaching Hague conference, are determined that Belgium shall avoid an active role upon any of the questions like disarmament, upon which the great Powers may be divided. Above everything Belgium at this juncture cannot afford to make enemies. She can the more easily avoid entanglements, for her position as a neutral Power makes her comparatively indifferent to any decision regarding disarmament of limitation and her delegates will have probably formal instructions to remain passive upon such questions. The only question in which Belgium is vitally interested is the immunity of private property at sea. This she distinctly favors, and as it has already been the subject of joint study by Belgium and Holland, both countries will probably support it, as the antagonism of England should make it dangerous for Leopold's government to espouse it. Generally speaking, Belgium will favor the extension of the principle of international arbitration.

The Argentine Delegation.

Buenos Ayres, June 13.—The Argentine delegation to the Hague conference is headed by Dr. Dragoo, the statesman and originator of the doctrine which bears his name, the discussion of which is expected to constitute the chief interest of the American to the proceedings. Although strict secrecy has been maintained regarding the instructions to the delegation, it is learned from authoritative sources that they embrace the following: First, cordial relations with the United States; second, in favor of the limitation of armaments, but reserving the right to make it necessary to guarantee security, and independence; third, that the "Dragoo" doctrine will not be proposed for Argentina, but it is proposed by any other nation the delegates will vote in the affirmative; fourth, the support of the arbitration idea as a means of avoiding international conflicts; fifth, the delegates shall promote the holding an international conference, with Buenos Ayres in 1910 for rendering uniform the questions of domicile, and to endeavor to reconcile it with that of nationality.

Rain in the South.

Lethbridge, June 13.—Safe to say, few parts of Canada have had more liberal moisture or more regular rain for this season than Southern Alberta. In consequence the entire country gives promise of abundant crops. Rains have been so regular that the irrigation system has almost been forgotten. However, several days later than usual, the main deficit of the A. R. E. system is filled with water, which is being distributed over the country for and side. Water was flowing at Cardston some days ago and is now here. A heavy shower fell Tuesday evening, while yesterday there was a thunderstorm, which appeared to be general over much of Southern Alberta.

WHEAT RIGHT AT BRANDON.

Brandon, June 14.—The showers of the past week followed by warm weather has brought the wheat along in splendid style and the farmers state that so rapidly has the grain grown that it is now about as far advanced as in average years. Melville Rodick, the well-known Brandon farmer, says the growing wheat in his district is as well advanced as in any other year, and the conditions were never better in the 27 years he has been in the country. He is looking forward to a splendid crop. Mr. Hall, of this city, who is one of the largest and most successful farmers in Western Manitoba, took a trip this week over a considerable section of the country just north and west of the city. The growth in the last fortnight has been remarkable, he says, and from the present outlook there is every reason to look for a splendid crop. The wheat has come on with such a rush that there are practically no weeds and the crop is clean and healthy looking, more so than for many years.

Chamberlain Very Feble.

Birmingham, Eng., June 13.—Mr. and Mrs. Joseph Chamberlain arrived here today from London. The health of Mr. Chamberlain is improving, but his comparative helplessness was a great shock to his friends, who assembled at the railroad station to meet him. All hats were raised in respectful silence as his carriage drove away.

WESTERN NEWS.

7 Bawit Methodists are building a new church. Methodists will raise \$214,000 by debentures this year. A branch W.C.T.U. has been organized at Vermilion. Fall wheat is six inches high in the Red Deer section. Calgary expects to lay eight miles of sewer pipe this year.

Regina Anglicans are opening a new church on Dewdney avenue. Over 1,200 scholars will write in the promotion examinations at the Saskatchewan Methodist conference will meet at Saskatoon in 1908. The new cheese factory at Kesteven will commence operations early in July. Saskatchewan Liberals will tender Premier Scott a banquet at Regina on Friday.

The Canadian Northern is erecting a new 1,000-ton coal shed at Saskatoon. Saskatchewan Oddfellows will erect a new story hall at a cost of \$20,000 on Sunday.

A shipment of 2,000 tons of Alberta oats will leave Vancouver for Seattle for China. Calgary street delivery of letters commenced Tuesday. Six carriers are employed. Stacey now has a station of the R.N.W.M.P. with Constable Aspin in charge. Viking and Harland will combine for a big athletic tournament on Dominion Day.

Rev. A. B. Argue, Methodist pastor at Vegreville, has been transferred to Clarendon. Moose Jay citizens tendered W. E. Knowles, M.P., a complimentary banquet last night. Dildbury town council has a plan to lease taxpayers who plant from along their premises.

Alberta Conservatives will have a provincial organization meeting at Red Deer on June 27. Dryland council has fixed the hotel license fee at \$50 per year. A wholesale license costs \$25.

There is a lack demand for farm property at Dryland, and Surveyor McFarlane is laying out twelve additional blocks.

Close to two and a half million trees were sent out from the Dominion Forestry farm at Indian Head to points west so far this year. The Western General Electric company is raising rates on telephones in Red Deer. Business phones in future will cost \$30 a year, and home phones \$15.

Members of the Saskatchewan Life Insurers' Association at Regina are asking after the council of that city to back a proposal to impose a license fee of \$100 upon all insurance agents doing business in the city.

Hosson & Son of Red Deer are shipping gravel by the railroad to Lacombe to be used for concrete. Rev. J. E. Hughes has resigned the pastorate of Lethbridge Methodist church and moved to Ingersoll, Ont.

The first revival meeting of the Gravel Lodge of Saskatchewan A. F. & M. opened at Prince Albert yesterday.

The United Travelers' association of Canada and the United States will hold their next annual convention at Calgary.

Construction work has started on the telephone line between Lacombe and Red Deer. It will be in operation in five weeks.

Among a number of hogs marketed by W. L. Center at Innisfail on Monday was a 700 pounder which brought him \$54.25.

Indian Head Lodge I.O.O.F. now has a membership of 160, and claims to be the largest lodge of Oddfellows in Saskatchewan.

Saskatchewan Methodist Conference adopted a resolution that the minimum salary of a married clergyman should be fixed at \$1,000 a year.

Chester D. Massey of Toronto will donate \$5,000 to Regina Y. M. C. A. building fund if the citizens will contribute \$80,000.

Vegreville school board has raised Principal Fraser's salary to \$1,200. The salary of a married clergyman should be fixed at \$1,000 a year. So far has been the growth of Saskatchewan, which the Methodist church will require twenty additional clergyman this year.

The Saskatchewan Methodist Conference numbers 97 Epworth Leagues with a membership of 2,000. All told these societies contributed \$3,000 to missions last year.

A Christian Stevedores' association has been organized in connection with Central Methodist church, Calgary. Only those persons who give one-fourth of their income for church work are eligible for membership.

Canadian Financier Dead.

Winnipeg, Man., June 13.—The many friends in the west of John Wallie will learn with deep regret of his death, which took place yesterday at Glenhurst, Rosedale, Toronto, after a few days illness. Mr. Wallie occupied a position among the captains of industry of the Dominion and was one of the best known men in the Canadian financial world.
